

PLEDGE FORM

A strong and lasting recovery from the health and economic consequences of COVID-19 will take the support and dedication of every Central Indiana resident – and United Way is prepared to continue leading the way.

Poverty is a complex, daunting issue, and one that can't be solved by one person, one program or one organization. It takes a united community of supporters, like you, to join us as we tackle generational poverty and optimize the potential that lies within everyone.

AREA OF GREATEST IMPACT

Ensure United Way can continue to respond to immediate needs related to the COVID-19 crisis - making certain our community not only survives this moment, but emerges with a higher quality of life than before the pandemic struck

BASIC NEEDS

Provide the essentials – food, health, transportation, housing – for people in crisis situations

FAMILY OPPORTUNITY

Strengthen the health, education, and well-being of families in our community

SOCIAL INNOVATION

Create new solutions to disrupt generational poverty and accelerate positive change

EQUITY ACTION

Attack the systems that grow – or perpetuate – racial inequity in our community
